**MAC500**  
UVC Technology

**THE PROFESSIONAL SOLUTION  
TO AIR PURIFICATION**

**MAC500**

Give your customers  
and staff the **working  
environment they  
deserve!**

At Sanuvent, health and  
well being is our priority.

**The air we breath dictates how we live our lives.**

Are you doing your bit to:

- **PROTECT** your staff
- **PROTECT** your customer
- **IMPROVE** your environment

Unlike other UV-C air purifiers we use low  
level ozone to reduce bacteria, fungi and  
virus in the air. **In simple terms, we bring  
the outside environment inside.**

For further information please contact:
